## Role

This is a fantastic UI Designer Internship opportunity in a fast-growing App development start-up.

Specialising in second hand marketplace App, you will be working alongside the lead Designer and you will be involved in generating ideas and contributing to visual designs that effectively communicate concepts and the companies brand identity. (ex – marketing material).

Your work will contribute to attract more individuals, companies to use the platform resulting in more exchanged items and supporting their current growth to become the largest 2<sup>nd</sup> hand marketplace in the UK.

## Tasks

- Design and produce marketing collateral
- Design and produce web and mobile user interfaces
- Design and produce emails, digital ads, editorials, affiliate collateral and other ad hoc briefs
- Research emerging digital trends
- Engage with wider digital creative community
- Contribute ideas on new features for app and web version

## Desired Skills

- Design portfolio demonstrating a variety of print and digital work and an understanding of typography, layout, colour, best UI practices and conventions
- Good understanding of web usability and accessibility
- Knowledge of industry standard design tools and software, such as Adobe CS Suite
- Acute attention to detail
- Self-starter with project and time management skills

## The Host Company

The host company hosts a 2<sup>nd</sup> hand marketplace where people can buy, sell, swap, and freecycle items. It is available on both iOS, Android, with a web version arriving soon. The company is in the middle of a national expansion, signing up some well-known partners, which will make them one of the largest 2<sup>nd</sup> hand marketplaces in the UK.
