

What we do?

We grow Companies!

through ...

CO-INNOVATION

In interdisciplinary teams we work with clients to identify specific innovation cases at the interface of strategy, corporate culture, change and (IT-) technology.

STRATEGY ACTIVATION

With our clients, we develop (digital) growth strategies and help them drive and manage the change process.

COMPETENCE DEVELOPMENT

We prepare executives for digitization. We help them drive big transformation projects and get buy-in at C-Suite level.

What we need you for?

- Visualization of complex ideas, concepts, cases & learning material
- Supporting the development & realization of consulting services
- Preparation and follow-up of our executive trainings
- Research activities (e.g. on innovation / digitization topics & technologies)
- Maintenance and updating our CRM system

... and a lot more. Show us what you are good at and we make sure to find the right challenges for you to excel!

What we are looking for?

- You have a structured, analytical and solution-focused way of thinking when solving new tasks – even when it's getting complicated
- You think in visuals and you can deal with complexity
- You are passionate about digitization
- You are open-minded and full of ideas
- You like to take ownership and personal responsibility for your tasks
- You are super-good in PowerPoint, Excel & Word
- You are fluent in English

What you can expect?

- A broad and diverse range of tasks
- The opportunity to learn about the newest developments & future possibilities of digitization
- A professional work environment – and lots of fun working with each other
- A powerful network of experienced leaders, consultants and thought leaders
- Flexible work from where-ever you like (Munich, Bremen, Heidelberg, Campus, Home-Office)
- The opportunity to stay, work and grow with us!
