Web Developer (m/f) Bremen

Full-time or Part-time (Permanent Position)

Ubimax develops industrial Wearable Computing and Augmented Reality solutions, which enable customers to optimize their business processes along their entire value chain. The core of our offering is Ubimax Frontline, the world's first fully integrated Wearable Computing Platform. Our innovative Smart Glass solutions are already deployed successfully by 30% of the DAX 30 companies. We are a fast-growing company and looking for individuals who share our passion for Wearables and Augmented Reality.

Our Performance

- > Handle various frontend development tasks
- > Develop software at the intersection of Augmented Reality and Wearable Computing
- > Actively advance and secure our technological lead
- > Actively contribute to our development and improvement of our processes

Your Profile

- > Degree or educational background in computer science, digital media or in a comparable subject area with excellent achievements
- > Extensive web technologies expertise
- > Ideally, experience in UX as well as mockup and design tools
- > High personal standards
- > Proficiency in German and English
- > Driven by creativity in innovation
- > Self-reliant, team-oriented work ethic
- > Last but not least, a sense of humor!

We offer

- > Innovative, diverse and interdisciplinary fields
- > Freedom for self-reliant work and development of own ideas
- > Flexible working hours and flat hierarchies
- > Becoming part of an international team of AR and Wearable Computing experts
- > Optimal working conditions, utilizing state-of-the-art tools and devices
- > "Silicon Valley style" open space office on 1500 m² at Bremer Europahafen
