

KEYHUB

Our startup based in Georgia is looking to hire interns for the role of project manager.

We are a small startup that works for different projects, which include creating new products/apps/bots and so on. As a part of the team, you will get varied exposure and a chance to build your skills with a team of experts from different fields.

We don't look for fancy degrees from our interns, but what we need is a spirit to try something new, a desire to learn, flexibility & adaptability to adjust in a startup environment

We have an international team of people from France, India, Brazil & Georgia.

The missions for the above role will be:

- Assisting in digital marketing endeavors - social media, PPC, etc.
- Handling Affiliate Partners
- Ongoing tasks as required

Requirements:

- Bachelors/Masters degree
- Looking for end of course internship, so that you can join the team full time once the internship ends
- Willing to move with our team in Tbilisi, Georgia
- Fluency in English
- Understanding of social media and digital platforms

Benefits:

- Free accommodation/Salary
- Learning Fridays with the budget to get online courses
- Yoga/language classes with the rest of the team
- A relaxed work environment
- Office with a pool table

Are you a young graduate searching for a challenging experience in digital marketing?
Striving to enhance your skills with our team?
Willing to relocate to Tbilisi, Georgia?

If your answer is yes than send your CV to us and we will gladly invite you to the interview.
